September Spotlight: Beekeeping Basics

Have you ever wondered what it takes to become a beekeeper? Join us for Beekeeping Basics: An Introduction to Beekeeping on Saturday, September 12 at 1:00 p.m. Learn about the fascinating world of honeybees, hive management, pollination, and how beekeepers help support our environment. Whether you're considering starting a hive of your own or are simply curious about these amazing pollinators, this program is a great place to begin!

Celebrate Reading and Literacy This September

September is a wonderful month to celebrate the joy of reading and the power of literacy. Library Card Sign-Up Month encourages everyone to discover the many resources available through their local library, while National Read a Book Day (September 6) and International Literacy Day (September 8) remind us that reading opens doors to lifelong learning, imagination, and opportunity. Looking for your next great read? Here are a few staff recommendations for readers of all interests:
